

DAY 1 :

Jenkins version and Java version

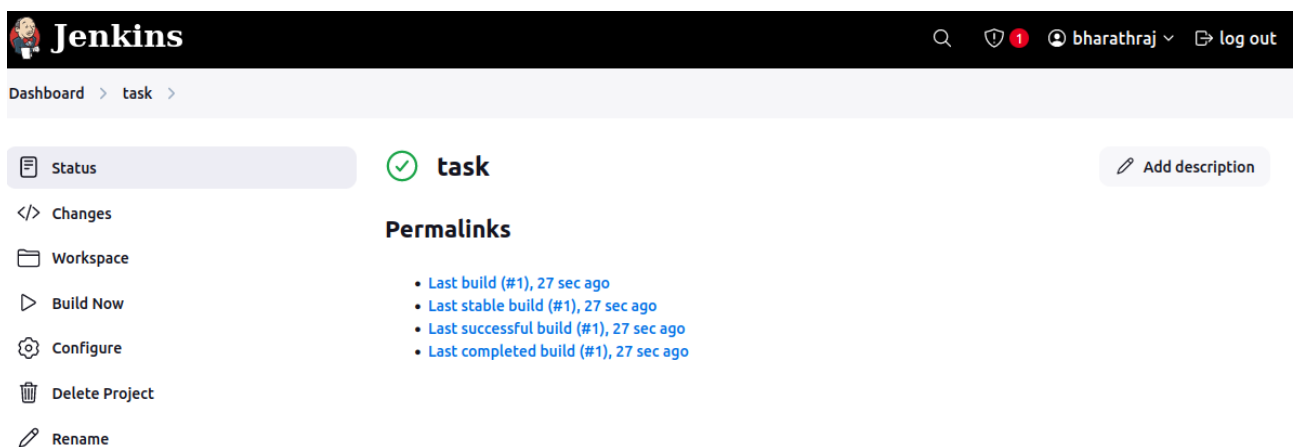

```
vboxuser@ubuntu:~$ jenkins --version
2.492.2
vboxuser@ubuntu:~$ java --version
openjdk 21.0.6 2025-01-21
OpenJDK Runtime Environment (build 21.0.6+7-Ubuntu-122.04.1)
OpenJDK 64-Bit Server VM (build 21.0.6+7-Ubuntu-122.04.1, mixed mode, sharing)
vboxuser@ubuntu:~$
```

Welcome to nginx!

If you see this page, the nginx web server is successfully installed and working. Further configuration is required.

For online documentation and support please refer to nginx.org.
Commercial support is available at nginx.com.

Thank you for using nginx.

The screenshot shows the Jenkins web interface. At the top is a black header with the Jenkins logo, a search icon, a shield icon with a red '1', the user 'bharathraj', and a 'log out' button. Below the header is a breadcrumb trail: 'Dashboard > task >'. The main content area is divided into two columns. The left column contains a sidebar with icons and labels: 'Status' (selected), 'Changes', 'Workspace', 'Build Now', 'Configure', 'Delete Project', and 'Rename'. The right column shows the 'task' build status with a green checkmark icon. Below this, there is a section titled 'Permalinks' with a list of four links: 'Last build (#1), 27 sec ago', 'Last stable build (#1), 27 sec ago', 'Last successful build (#1), 27 sec ago', and 'Last completed build (#1), 27 sec ago'. A button labeled 'Add description' is located at the top right of the main content area.
